OUR VISION

At iSiMAR we are proud and passionate of our industrial origins and our Mediterranean roots. We have been working with the same pure, natural, and environmentally friendly materials with care and knowledge for the last 55 years; mainly with galvanized rod, but also aluminum and galvanized steel in sheet and tube.

Our product has always been exposed to humid and highly corrosive environments, working in industries such as poultry equipment or industrial refrigerators. Therefore we have acquired during decades the experience and knowledge necessary to live in outdoor environments.

Almost ten years ago, we decided to expand our industrial plan into creating contemporary exterior furniture designs. These designs are unique in their visual lightness and carefulness towards the architectural spaces that rod provides.

We conceive each collection, together with architects and designers, with the purpose of producing pieces that inspire professionals in creating clean, modern, comfortable and functional spaces.

iSiMAR products result from the combination of these designs, the use of natural materials, our industrial expertise (which gather production technologies with craftwork acquired over decades) and our roots of healthy, genuine, Mediterranean country that likes to share memoirs and life experiences.

From our factory in Pamplona, in northern Spain, the iSiMAR family, partners and local suppliers hereby present the 2022 collections. We look forward to helping you in the creation of great projects around the world.

NUESTRA VISIÓN

En iSiMAR sentimos pasión y admiración por nuestros orígenes industriales y nuestras raíces mediterráneas. Llevamos 55 años trabajando con orgullo y conocimiento los mismos materiales puros, nobles, naturales y respetuosos con el medio. Fundamentalmente varilla galvanizada, aunque también aluminio y acero galvanizado en chapa y tubo.

Nuestro producto siempre ha estado expuesto a ambientes húmedos y altamente corrosivos, al servicio de sectores como el avícola o neveras industriales. Esto nos ha permitido adquirir durante décadas la experiencia y conocimiento necesario para convivir en entornos exteriores.

Hace casi diez años, decidimos compartir nuestra pasión industrial creando diseños contemporáneos de mobiliario exterior, únicos por la ligereza visual y cuidado del espacio arquitectónico que proporciona la varilla.

Cada colección es concebida junto a arquitectos y diseñadores con la vocación de producir piezas que inspiren a profesionales en la creación de espacios limpios, modernos, confortables y funcionales, a la vez que alegres.

Los productos iSiMAR nacen de la combinación de estos diseños, el uso de materiales naturales, nuestra experiencia industrial (que reúne tecnologías específicas con el trabajo artesanal adquirido durante décadas) y nuestros orígenes de país mediterráneo sano, auténtico y que gusta de compartir momentos y vivencias.

Desde nuestra fábrica en Pamplona, Norte de España, la familia iSiMAR, colaboradores y proveedores locales, os presentamos las colecciones para este 2022. Esperamos que os ayuden en la creación de grandes proyectos alrededor del mundo.

#bemediterranean

Joy, well-being, and enjoying life are natural to us. It's in the soul of all of our collections.

Nuestra naturaleza lleva intrínseca la alegría, el disfrute y el bienestar. Este es el alma de todas nuestras colecciones.

#beauthentic

Fifty-five years ago, the López family founded Industrias San Isidro, a small workshop that produced metal structures.

“With the same wire, we made chicken cages, refrigerator shelves, as well as other products. We’ve worked with this material for years and have achieved maximum durability, resistance, and nobility”.

Hace 55 años, la familia López fundamos Industrias San Isidro, un pequeño taller que fabricaba estructuras metálicas.

“Con esta misma varilla fabricábamos jaulas de gallinas, baldas para frigoríficos y otros tantos productos. Hemos estudiado este material durante años, y hemos logrado descubrir su máxima durabilidad, resistencia y nobleza”.

They currently collaborate with many of the most influential hotel groups, such as Barcelo, NH Hotel Group, Concept Hotel Group, Azora, Hispania or HI Partners. Due to their product design vocation, they started to work with iSiMAR several years ago as art directors and designers of two of the most unique and successful collections, LAGARTO and PARADISE collections.

MITJORN COLLECTION

RAMÓN ESTEVE

Ramón Esteve founded REE in 1991, a studio which engages the Architecture, Design and Communication with the philosophy of 'creating places you would like to live in'. The collaboration with iSiMAR was inspired by the unique landscape of Formentera island, creating the Mitjorn collection. Its structure reflects the rugged terrain, caused by the sharp rocks that divide the sandy areas of the beach. A unique result, with a contemporary and innovative aesthetic.

Su colaboración con iSiMAR se inspira en la isla de Formentera y en su singular paisaje, creando la colección Mitjorn. Su estructura refleja el terreno abrupto, provocado por las agudas rocas que dividen los arenales de la playa. Un resultado único, con una estética contemporánea e innovadora.
